2	cash surrender benefit of such amount as is specified in sections	
3	4, 5, 7, and 9 of this chapter. The company shall may reserve the	
4	right to defer the payment of such cash surrender benefit for a	
5	period of not more than six (6) months after demand therefor	
6	with surrender of the contract but only after:	
7	(A) submitting to the commissioner a written request that	
8	addresses the:	
9	(i) necessity of the deferral; and	
10	(ii) equitability of the deferral for all the company's	
11	contract holders; and	
12	(B) receiving the commissioner's written approval to defer.	
13	(3) A statement of the mortality table, if any, and interest rates	
14	used in calculating any minimum paid-up annuity, cash surrender	
15	or death benefits that are guaranteed under the contract, together	
16	with sufficient information to determine the amounts of such	
17	benefits.	
18	(4) A statement that any paid-up annuity, cash surrender or death	
19	benefits that may be available under the annuity contract are not	
20	less than the minimum benefits required by any statute of the state	
21	in which the contract is delivered and an explanation of the	
22	manner in which such benefits are altered by the existence of any	
23	additional amounts credited by the company to the contract, any	
24	indebtedness to the company on the contract or any prior	
25	withdrawals from or partial surrenders of the contract.	
26	(b) Notwithstanding the requirements of this chapter, any annuity	
27	contract may provide that if no considerations have been received	
28	under a contract for a period of two (2) full years and the portion of the	\
29	paid-up annuity benefit at maturity on the plan stipulated in the	
30	contract arising from considerations paid prior to such period would be	
31	less than twenty dollars (\$20.00) monthly, the company may at its	
32	option terminate such contract by payment in cash of the then present	
33	value of such portion of the paid-up annuity benefit, calculated on the	
34	basis of the mortality table, if any, and interest rate specified in the	
35	contract for determining the paid-up annuity benefit, and by such	
36	payment shall be relieved of any further obligation under such contract.	
37	SECTION 2. IC 27-1-12.5-3, AS AMENDED BY P.L.130-2002,	
38	SECTION 1, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE	
39	JULY 1, 2004]: Sec. 3. (a) The minimum values as specified in	
40	sections 4, 5, 6, 7, and 9 of this chapter of any paid-up annuity, cash	
41	surrender or death benefits available under an annuity contract shall be	

based upon minimum nonforfeiture amounts as defined in this section.

- (c) With respect to any annuity contract providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two (2) exceptions:
 - (1) The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent (65%) of

1	the net consideration for the first contract year plus twenty-two	
2	and one-half percent (22.5%) of the excess of the net	
3	consideration for the first contract year over the lesser of the net	
4	considerations for the second and third contract years.	
5	(2) The annual contract charge shall be the lesser of (i) thirty	
6	dollars (\$30) or (ii) ten percent (10%) of the gross annual	
7	consideration.	
8	(d) With respect to any annuity contract providing for a single	
9	consideration, minimum nonforfeiture amounts shall be defined as for	
10	contracts with flexible considerations except that the percentage of net	4
11	consideration used to determine the minimum nonforfeiture amount	
12	shall be equal to ninety percent (90%) and the net consideration shall	`
13	be the gross consideration less a contract charge of seventy-five dollars	
14	(\$75).	
15	(e) Notwithstanding any other provision of this section, the	
16	minimum nonforfeiture amount for any contract issued on or after July	4
17	1, 2002, and before July 1, 2004, shall be based on a rate of interest of	
18	one and one-half percent (1.5%) per annum.	
19	(d) Except as provided in subsection (e), the interest rate used	
20	in determining minimum nonforfeiture amounts is an annual rate	
21	of interest determined under either of the following methods:	
22	(1) The five-year constant maturity treasury rate, rounded to	
23	the nearest five-hundredths of one percent (0.05%), as	
24	reported by the Federal Reserve as of a date specified in the	
25	annuity contract. Reduce this amount by one hundred	
26	twenty-five (125) basis points.	
27	(2) An average of the five-year constant maturity treasury	1
28	rate as reported by the Federal Reserve, rounded to the	'
29	nearest five-hundredths of one percent (0.05%), over a	
30	specified period as set forth in the annuity contract. Reduce	
31	this amount by one hundred twenty-five (125) basis points.	
32	The date under subdivision (1) or the average period used under	
33	subdivision (2) may not be longer than fifteen (15) months before	
34	the annuity contract issue date or the redetermination date as	
35	determined under subsection (f).	
36	(e) If the rate of interest determined under subsection (d) is:	
37	(1) less than one percent (1%), the interest rate used in	
38	determining minimum nonforfeiture amounts is one percent	
39	(1%); or	
40	(2) greater than three percent (3%), the interest rate used in	
41	determining minimum nonforfeiture amounts is three percent	
42	(3%).	

1	(f) The interest rate determined under subsections (d) and (e)
2	applies for an initial period and may be redetermined for
3	subsequent periods. The redetermination date, basis, and period,
4	if any, must be specified in the annuity contract. The basis is:
5	(1) the date; or
6	(2) an average calculated over a specified period;
7	that produces the value of the five-year constant maturity treasury
8	rate reported by the Federal Reserve to be used at each
9	redetermination date.
10	(g) During the period or term that an annuity contract provides
11	substantive participation in an equity index benefit, the contract
12	may increase the basis point reduction described in subsection (d)
13	by not more than an additional one hundred (100) basis points to
14	reflect the value of the equity index benefit. The present value at
15	the annuity contract issue date, and at each redetermination date
16	after the annuity contract issue date, of the additional reduction
17	may not exceed the market value of the benefit. The commissioner
18	may require a demonstration that the present value of the
19	additional reduction does not exceed the market value of the
20	benefit. If the demonstration is not acceptable to the commissioner,
21	the commissioner may disallow or limit the additional reduction.
22	(h) The commissioner may adopt rules under IC 4-22-2 to
23	provide for further adjustments to the calculation of minimum
24	nonforfeiture amounts for:
25	(1) annuity contracts that provide participation in an equity
26	index benefit; and
27	(2) other annuity contracts for which the commissioner
28	determines adjustments are justified.
29	SECTION 3. IC 27-1-12.5-11 IS ADDED TO THE INDIANA
30	CODE AS A NEW SECTION TO READ AS FOLLOWS
31	[EFFECTIVE JULY 1, 2004]: Sec. 11. The commissioner may adopt
32	rules under IC 4-22-2 to implement this chapter.
33	SECTION 4. [EFFECTIVE JULY 1, 2004] (a) Notwithstanding
34	IC 27-1-12.5-3, as amended by this act, after June 30, 2004, and
35	before July 1, 2006, a company (as defined in IC 27-1-2-3) may
36	elect to apply one (1) of the following to an annuity contract (as
37	defined in IC 27-1-12.5-1) on a form by form basis:
38	(1) IC 27-1-12.5-3, as amended by this act.
39	(2) IC 27-1-12.5-3, as in effect before amendment by this act.
40	(b) This SECTION expires July 1, 2006.
